

BENEFIT OF PRIVATE CHARTER

Below is a comparison of journey times between Sovereign Business Link and a Scheduled Airline. The journey is arranged around a visit to Frankfurt, Germany by clients based in the Cirencester area. This example has been created to provide you with an idea of the timescale of each journey assuming the passengers are in Frankfurt for a meeting mid morning. Times suggested by Sovereign should not be taken as the definitive, but as an example. Times have been obtained from the larger airline's timetable for this example on the 10 September 2003.

Although the meeting was held for the same amount of time, flying with Sovereign allowed our Clients a later start and earlier finish which then corresponded with a regular day in the office allowing them to be more alert for their meeting and refreshed for the following day.
